Profile

To obtain a position in the web app field where I can utilize my experience and education to develop my potentials while performing the necessary tasks.

Experience

Front Web Developer · Golden Owl Consulting

12/2021 - 05/2023 · HCM, District 3

Developed an admin page using ReactJS for comprehensive management of recruitment processes. Maintained a React Native app for job searching and posting, with added features for image sharing and Deep Linking.

- Developed a comprehensive admin page using ReactJS to manage applicant and candidate profiles, job listings, timesheets, cost tracking, supplier management, invoicing, payroll, and generating reports for better data analysis.
- Maintain a React Native app, this app can push jobs and find jobs, I support fixing features to send images on messages and share jobs by Deep Link
- Use remotion to build a video. Remotion is a package base on ReactJS that help us build video by coding

PHP Developer (Intern) · MID ST CO.,LTD

11/2021 - 04/2022 · HCM, Phú Nhuận District

- Maintain admin and client page

Web Developer · Freelance

05/2023 - current
